

Hearing Aid Battery & Re-tubing Service

(non dome or slim tube hearing aids)

The Health Shop remit is, primarily, to provide health information and disease management resources to staff, visitors, patients and students. Within this remit, The Health Shop, Ninewells will support NHS Tayside Audiology Services by

- providing replacement hearing aid batteries and
- offering a re-tubing service for hearing aid users.

From 21st November 2017, trained Health Shop volunteers will deliver a battery and re-tubing service every Tuesday afternoon from 1.30-3.30pm.

Hearing aid batteries will also be available from the Health Shop office during allocated times. The client's yellow book must be provided to be in receipt of batteries.

The Health Shop's health information point at Whitehills HCCC in Forfar also deliver a battery and re-tubing service every Tuesday morning and Thursday afternoon.
