

Dundee Service User Network

Have you experienced mental health difficulties?

Would you like to be involved in the training of the next generation of mental health nursing staff?

Dundee Service User Network is working with the University of Dundee Mental Health Nursing team.

We want student nurses to better understand what people with mental health difficulties expect, want and need.

We want more people with experience of mental health difficulties to take part in mental health nursing training.

To start this project, we want to speak to people to get their ideas. We are having a 'focus group' to listen to what people think. A focus group will involve a couple of hours sitting with other people with other people with experience of mental health difficulties and people from the university. We can share ideas through different ways like talking, drawing or writing.

Details of focus group:

Date: Wednesday 23rd of July 2014

Time: 2pm

Address: Number Ten, 10 Constitution Road, Dundee, DD1 1LL (01382 305 743)

Lunch will be provided. Travelling costs will be covered.

If you would like to take part please contact Siobhain McIntosh (Mental Health Service User involvement coordinator, Dundee Voluntary Action) directly or through your service on: 01382 305 743 or siobhainmcintosh@number10.org
